PROCEDURES FOR JUDGING THE PAPERS IN THE CONTEST FOR THE GRADUATE STUDENT PAPER COMPETITIONS AND THE OFFICIAL SCORE SHEET

The donors of the award desire to promote original research; so, the weight in judging the papers is to be placed upon originality of the subject, justification of the work, and validity of procedures. Immediately upon completion of the contest, the judges will summarize and combine their total scores. The contestant receiving the highest total score will be designated the winner. The Chair of judges will supply a copy of the summarized score to the Secretary-Treasurer for the permanent files; and the latter will prepare the certified check and the certificate for the SR-ASHS President-Elect to make the presentation during the Awards Program.
